This book is dedicated to my sisters.
It is inspired by all the nights we chased
fireflies, and laid under the heavens
watching for shooting stars.
Charlene, Kim and Bonnie,
together we are Charlie's Angels.
I Love You.

When the sun sets
and out go the lights,
a magical world
becomes the night.

A night scene with a dark blue sky filled with stars and a glowing blue nebula. A black bat is flying in the upper right. In the foreground, there is a green field with a cluster of blue flowers on the left. A firefly is near the flowers, and a large green luna moth is on the right. The entire scene is framed by a white, torn-edge border.

Mystical creatures
are all about.
They wait for the
evening to come out.

What is that twinkling
in the sky?
Oh my,
look at all the fireflies.

Over the horizon
is a glow.
It is the moon,
rising so slow.

The luna moth
flutters about.
It prefers the night
to hang out.

Who, who,
do I hear calling to me?
It is an owl
sitting in a tree.

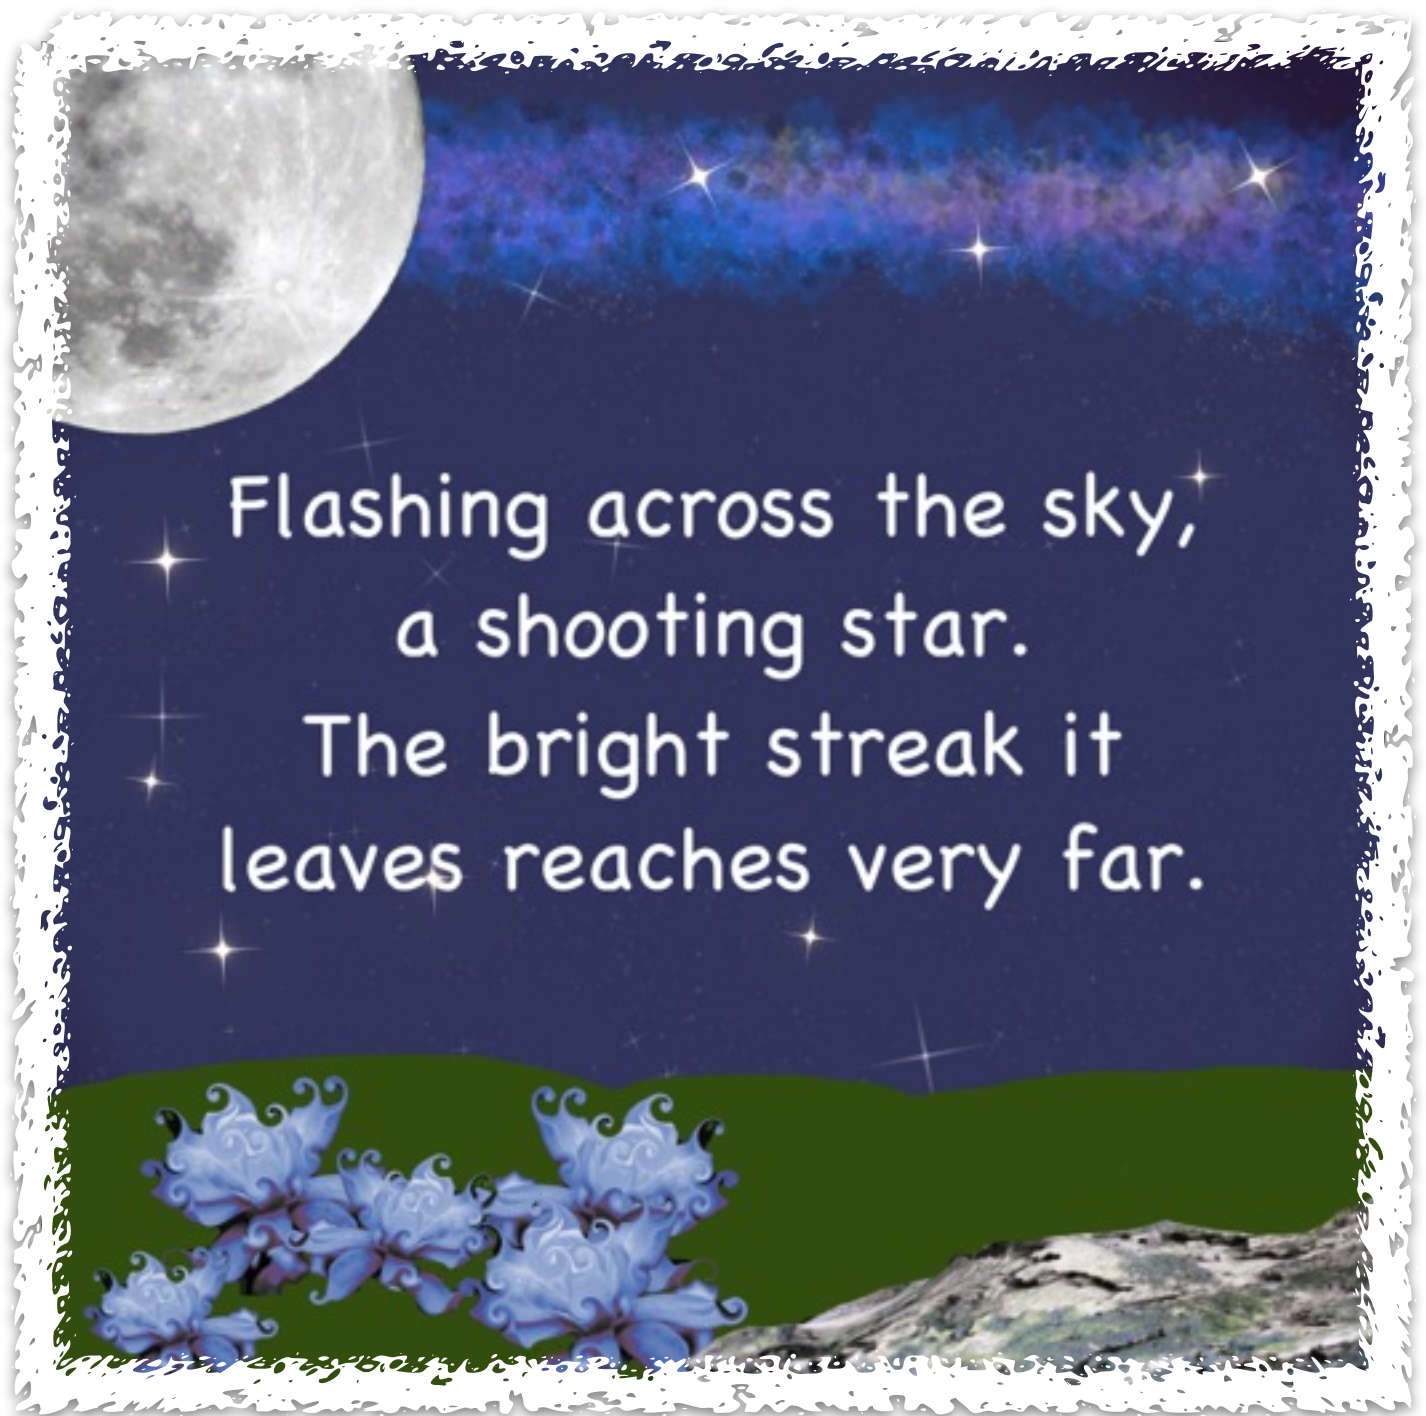

Mystical features
form in the sky.
Constellations shine
way up high.
